Dear Mr. Reynolds:

Thank you for your letter of December 20, 1982. It is apparent that there are some misunderstandings by both the Division and Great Salt Lake Minerals (GSL). Hopefully, any misunderstandings which currently exist may be clarified and eliminated in our meeting with you at 9:00 a.m. on January 21, 1983.

Please be assured that our only intent is to properly permit GSL's mining operation, not to impede orderly and responsible development of our State's vast mineral resources.

I am looking forward to meeting with you so that we both may proceed as expeditiously as possible in finalizing the permit process, after such a long delay since GSL's original submittal in 1977. In the meantime, if you have any questions please don't hesitate to call.

Sincerely,

JAMES W. SMITH, JR.
